871ATR4DM

AB Pre Wired Connection System Terminal Chamber 6 to 8mm DC Micro 4 Pin Female Right Angle

NETWORK MEDIA

Allen-Bradley

Component type	Circular connector for field assembly (industrial connector)
Range	Pre Wired Connection
Model	N/A
Product status	Existing

The Allen-Bradley Pre Wired Connection Systems are designed for simplifying system applications making it quick and easy to connect field wiring and reduce maintenance costs. Ideal for reducing in-panel PLC wiring by up to 75% while allowing for more accurate connections. Fitted with interface modules (IFM) and prewired cable ensuring future system upgrades are quick and easy.

ELECTRICAL	**Rated current In**	4 A
	Rated voltage	250 V
	Contact type	Pin
CONSTRUCTION	**Degree of protection (IP), mounted**	IP67
	Material of contact surface	Gold
	Material housing	Plastic
DIMENSIONS	**Diameter connector**	20 mm
	For cable outer diameter	4-6 mm
