CMC103

Mersen CM Cylindrical Fuse Holder 10 X 38mm 690V AC 32A 3Pole

ELECTRICAL ENGINEERING PRODUCTS

Component type	Holder for cylindrical fuse
Range	CM
Model	N/A
Product status	Existing

The Mersen CM Cylindrical Fuse Holders are IEC-compliant and achieve an IP20 level of protection, ensuring secure handling while replacing fuses. Feature simple installation and maintenance requirements and a robust design.

ELECTRICAL	**Utilization category**	aM/gG (switchgear protection/equipment protection)
	Nominal voltage	690 V
	Number of poles	3
CONSTRUCTION	**Mounting method**	DIN rail
	IP rating	IP20
MECHANICAL	**For fuse size**	10x38 mm
