STEGO Electronic Hygrotherm 100 to 240V AC

THERMOSTATS AND HYGROSTATS

Component type	Thermostat/hygrostat (switchgear cabinet)
Range	Thermostats / Regulating
Model	N/A
Product status	Existing

Manufactured in Germany, the Stego regulating devices provide precise and reliable control of climate control devices such as fans and heaters. They are fast and easy to install and offer long service life.

ELECTRICAL	**Rated switching capacity AC**	250 A
	Rated switching capacity DC	24 A
	Switching voltage	250 V
	Voltage type	AC/DC
	Type of switch function	Change-over contact (NO/NC)
CONSTRUCTION	**Model**	Hygrostat
	Temperature setting range	0…60 °C
	Mounting method	DIN rail
	IP rating	IP20
	With sensor	No
	With digital indication	No
ENVIRONMENT	**Operating temperature**	-40…60 °C
