

D4CR12

IME D4CR12 Pulse Acquisition Module with 12 Passive Inputs to RS485 240V

Component type	Interface converter
Range	D4CR12
Model	N/A
Product status	Existing

ELECTRICAL

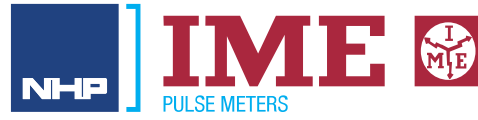

Over current protection	No
Nominal electricity consumption	21.0 mA

COMMUNICATION

Service primary side	Other
Connection type primary side	Other
Connection type secondary side	Other
Service secondary side	RS-485
Bi-directional	No
Galvanic separation	Active
Transmission rate	19.2 kBit/s
