

# TM3I330

IME TM3 Transducer Input 5A Output 4 to 20mA auxiliary 240V AC

<b>Component type</b>	Current value transformer
<b>Range</b>	Transducer
<b>Model</b>	N/A
<b>Product status</b>	Existing

The IME transducers provide a comprehensive range of transducers for AC and DC voltage and current as well as fully programmable units. With options for scalable output AC current transducer and all-in-one current transformers and transducers, IME transducers can fit a wide range of applications.

## ELECTRICAL

Initial value measuring range current	0.0 A
End value measuring range current	6.0 A
Type of analogy output	Other
Frequency rated current	50.0 Hz
With switching output	No

## CONSTRUCTION

Mounting method	DIN rail (top hat rail) 35 mm
Integrated configuration function	Yes
