TM3U3P0

IME TM3 Transducer Custom Input output 4 to 20mA or Auxiliary 230 to 240V AC

CURRENT TRANSFORMERS AND TRANSDUCERS

Component type	Current transformer
Range	Transducer
Model	N/A
Product status	Existing

IME transducers provide a comprehensive range of transducers for AC and DC voltage and current as well as fully programmable units. With options for scalable output AC current transducers and all-in-one current transformers and transducers, IME transducers can fit a wide range of applications.

ELECTRICAL	Rated operating frequency	47-63 Hz
	Accuracy class	0.5
	Power loss	2.6 W
	Calibrated	Yes
CONSTRUCTION	Material housing	Polycarbonate (PC)
	Model	Other
	With shock protection	Yes
	Number of primary inputs	1
ENVIRONMENT	Storage temperature	-25…70 °C
