2080LCD

Allen-Bradley Micro810 Plug-in LCD 1.5 Inch Display Keypad

MICRO CONTROL SYSTEMS

Component type	Display/operator panel
Range	Micro 800
Model	810
Product status	Existing

Allen-Bradley Micro800 controllers offer both a scalable and robust micro control solution for small to large standalone applications and allow for customisation and flexibility. You can elect from a wide range of plug-in modules to match your requirements and make use of Connected Components Workbench™ software to help reduce machine design time and maximise productivity.

ELECTRICAL	**Supply voltage**	24 V
	Voltage type	DC
	With PC connection	No
COMMUNICATION	**Communications protocol**	Other
	Communication medium wireless	No
	Communication medium fibre optic	No
	Communication medium copper	Yes
	Option for configuring controller	Yes
CONSTRUCTION	**Mounting method**	Other
	With mounting set	Yes
DIMENSIONS	**Width**	63 mm
	Height	42 mm
	Depth	15 mm
CERTIFICATES/APPROVALS	**Explosion-proof**	No
