

871ATR3R

AB Pre Wired Connection System Terminal Chamber 4 to 6mm
AC Micro 3 Pin Female Right Angle

NETWORK MEDIA

Allen-Bradley

Component type	Circular connector for field assembly (industrial connector)
Range	Pre Wired Connection
Model	N/A
Product status	Existing

The Allen-Bradley Pre Wired Connection Systems are designed for simplifying system applications making it quick and easy to connect field wiring and reduce maintenance costs. Ideal for reducing in-panel PLC wiring by up to 75% while allowing for more accurate connections. Fitted with interface modules (IFM) and prewired cable ensuring future system upgrades are quick and easy.

ELECTRICAL	Contact type	Pin
	Degree of protection (IP), mounted	IP67
CONSTRUCTION	Material of contact surface	Gold
	Material housing	Plastic
DIMENSIONS	Diameter connector	20 mm
	For cable outer diameter	4-6 mm
