Fibox Euronord Terminal Box ABS IP66 and IP67 H80 x W160 x D65mm

Component type	Enclosure/cabinet (empty)
Range	Euronord ABS
Model	N/A
Product status	Existing

The Euronord range is designed to house DIN rail-mounted terminal block and various types of sensors, which simplifies installation time in these types of applications. The large range of sizes provides flexibility and simplifies selection. ABS plastic is flame-retardant and RF transparent, as well as being resistant to a range of chemicals.

ELECTRICAL	EMC-version	No
	Material	Plastic
	Material quality	ABS
	Surface finishing	Untreated
	Colour	Grey
	RAL-number	7035
	IP rating	IP67
	Type of lock	Other
	Material lock	Plastic
	Gland plate(s) included	No
CONSTRUCTION	With mounting plate	No
	Mounting plate depth-adjustable	No
	Floor standing wall model	No
	Suitable for wall mounting	Yes
	Connectable	No
	Number of doors	1
	Number of locks	0
	Suitable for wall built-in	No
	Pole fastening	No
	Suitable for metrical mounting	Yes
MECHANICAL	Suitable for outdoor set-up	No
	Pitched roof	No
	With glazed door	No
	With ventilation door	No
	With backside door	No
	Impact strength	IK07
